**1.0 POLICY:**

A board member shall not have any direct pecuniary interest in a contract with the District, nor shall he/she directly furnish any labor, equipment, or supplies to the District. In the event a board member is employed by a corporation or business or has a secondary interest in a corporation or business which furnishes goods or services to the District, the board member shall declare this interest and refrain from debating or voting upon the question or contracting with the company.

This policy is designed to prevent placing a board member in a position where his/her interest in the District's centers and his/her interest in his/her place of employment (or other indirect interest) might conflict and to avoid appearances of conflict of interest even though such conflict may not exist.
