

Dr. James D. Branscum “Character First” Scholarship

Application Guidelines

Dr. James Branscum served as Metro Tech’s Superintendent for thirteen years. Under his leadership Metro Technology Centers transformed its culture, its leaders and the environment in which its students learn. Under Dr. Branscum’s leadership, the organization focused strongly on **CHARACTER FIRST**, and assisted its students in understanding that career success was incomplete without strong moral and character attributes in the individual. These traits are critical for students to succeed, and they are highly desired by employers.

This award is provided in honor of the strong character traits Dr. Branscum demonstrated on a daily basis, and the strong character traits that he encouraged in everyone who came in contact with him, be it a student, a faculty member, or a member of our Board of Education.

This award looks primarily at the character of the individual applicant. It is awarded for outstanding character in the classroom, workplace and community and is the highest award bestowed by the Metro Tech Foundation.
