1.0 POLICY:

Whenever the board of education or the superintendent has reason to believe that cause exists for the dismissal of a full-time certified administrator, the board of education or the superintendent may suspend the full-time certified administrator without notice or hearing. However, the suspension of the full-time certified administrator will not deprive the full-time certified administrator of any compensation or other benefits to which he or she would otherwise be entitled under his or her contract or pursuant to law.

Within ten (10) days' time after such suspension becomes effective, the board of education will initiate proceedings to have the full-time certified administrator dismissed. However, in a case involving a criminal charge or indictment, such suspension may extend to such time as the full-time certified administrator's case is finally adjudicated at a trial. Provided, however, such extension will not include any appeal process.

Whenever the board of education or the superintendent determines that the dismissal or nonreemployment of a full-time certified administrator should be effected, the full-time certified administrator will be entitled to the following due process procedures:

- A. A statement will be submitted to the full-time certified administrator in writing prior to the dismissal or nonreemployment which states the proposed action, lists the reasons for effecting the action, and notifies the full-time certified administrator of the right to a hearing before the school district board of education prior to the action; and
- B. A hearing before the board of education will be granted upon the request of the administrator prior to the dismissal or nonreemployment. A request for a hearing will be submitted to the board clerk not later than ten (10) days after the full-time certified administrator has been notified of the proposed action.

Failure of the full-time certified administrator to request a hearing before the board of education within ten (10) days after receiving the written statement will constitute a waiver of the right to a hearing. The decision of the school district board of education concerning the dismissal or nonreemployment, following the hearing, will be final.

In addition, reasons for suspension, demotion, non-renewal, or dismissal of full-time certified administrators, subject to the due process requirements of this policy, are:

- 1. Incompetence - inability to satisfactorily perform the required functions of the position.
- 2. Willful neglect of duty - knowingly failing or refusing to carry out the required functions of the position.
